

Party Girls

'Tis the season to grant your lovelies all-out glam. By Karie L. Frost

Her email box is filled to the brim with Evites to every holiday party imaginable (Pin the Wattle on the Turkey, anyone?), and while she's been fattening up her wardrobe for the busy party season, she doesn't want to show the same face at each soiree. Luckily for her, you'll be stocking your retail shelves with handy-dandy makeup kits (for her to gift to the hostess...or herself), sparkle-heavy cosmetics (because we can't think of a better time to shine brighter than tinsel) and on-trend holiday palettes (to morph her from winter pixie to saucy diva in 2.2 seconds).

Need some guidance? Not to worry; we've made a list and checked it more than twice. Read on!
